Safety and Facilities for Equestrians

“SAFE” is a BHS affiliated bridleways group for the area in and around South-East Wales.

SAFE has negotiated many miles of permissive horse routes and continues to campaign for better off road riding facilities.

SAFE is non profit making and raises money to help provide better surfaces on horse routes. It also helps organise working parties of local volunteers to help clear overgrown paths and surface boggy areas.

Committee members attend countryside strategy meetings to state the case for riders. **The more members SAFE has the more weight its requests for better facilities carry.**

**If you care about off road riding please join.**

Membership only costs £5 per year. Family membership costs £10.

SAFE is a small society with limited resources. Preferably membership payments are made by Standing Order, as this keeps our costs to a minimum.

Upon submitting a membership form, you will be contacted regarding payment.
