

SAFE (Safety and Facilities for Equestrians)

“SAFE” is a BHS affiliated bridleways group for the South-East Wales area

SAFE has negotiated several miles of local horse routes (eg Fforest Farm Tongwynlais, The Wenallt Rhiwbina, The Lisvane Horse Route, Forest Ganol and Fforest Fawr by Castle Coch). It has also achieved improvements to existing bridlepaths and other horse routes in the area. SAFE campaigns for better off road riding. SAFE is run by volunteers and raises money to provide better facilities.

Committee members attend strategy meetings to state the case for riders. **The more members SAFE has the more weight its requests for better facilities carry.**

If you care about off road riding please join.

There is a website informing you of local matters and containing maps of local routes, a Facebook Group for up to the minute information, and periodic Newsletters.

Membership only costs £10/year.

Apply by visiting the Membership page on the SAFE web site **www.safebridlepaths.co.uk**
